## Large avalanches in Absaroka - Outside Advisory area

Out of Advisory Area 11/22/2019 Code HS-N-R2-D2.5-U Elevation 10000 Aspect NE Notes

Sometime last week (11/20-11/22) these large avalanches occurred on heavily wind loaded northeast facing slopes in the Absaroka. The snowpack there is thin and faceted, similar to the southern ranges and mountains near West Yellowstone. Photo: B. VandenBos
