

Bacon Rind

Date

Wed, 11/16/2022 - 13:40

Activity

Skiing

Dug two pits at Bacon Rind today. Very similar snow structures in both. Shallow and weak but not unstable.

Skied a number of laps in the southern meadows and out the skillet at the end of the day. No signs of instability were noted. Skiing was pretty good.

Region

Southern Madison

Location (from list)

Bacon Rind

Observer Name

Mike Lavery
