

Found stability in Beehive

Date

Sat, 12/17/2022 - 16:35

Activity

Skiing

Went into Beehive basin today with a group of people. We dug a pit on a south west aspect just above Beehive meadows at 8384ft to see what was going on in the snow. We got an ECTX for our results.

Region

Northern Madison

Location (from list)

Beehive Basin

Observer Name

James Young
