## **Found stability in Beehive**

Date Sat, 12/17/2022 - 16:35 Activity Skiing

Went into Beehive basin today with a group of people. We dug a pit on a south west aspect just above Beehive meadows at 8384ft to see what was going on in the snow. We got an ECTX for our results.

Region Northern Madison Location (from list) Beehive Basin Observer Name James Young
