

New snow buck ridge

Date

Sun, 02/04/2024 - 16:10

Activity

Snowmobiling

Gabe Gassman and I rode buck ridge to the wilderness boundary at Macatee basin on a LE patrol mission. 6-8 inches of new snow fell since yesterday. Snow depth was variable as it had been affected by wind, but wind during the day was calm to 10mph. No avalanching of the new snow was observed.

Region

Southern Madison

Location (from list)

Buck Ridge

Observer Name

Sandy Jett (USFS)
