

Snowmobile triggered avalanche above Highway 212

Date

Tue, 02/06/2024 - 17:38

Activity

Snowmobiling

Observed an avalanche above Highway 212 ("the plug") just north of the Wyoming/Montana border. that appeared to be triggered by a snowmobile. It looked fresh, likely from the afternoon of 2/6/2024. Northeast facing slope, 8200'. Technically out of the advisory area.

Region

Cooke City

Observer Name

Nick Gaddy
