

Big Slide on Eaglehead Mountain right below the radio tower

Date

Thu, 03/07/2024 - 13:20

Activity

Snowbiking

Big slide below the radio tower. Kept our distance but looks like a large crown. The base up Portal is really inconsistent. Some spots it's great and others you sink up to your chest. Had 4 instances of whomping on fairly flat ground in the trees. 1st picture is from today and 2nd is from Sunday

Thanks for all your hard work!

Region

Northern Gallatin

Location (from list)

Portal Creek

Observer Name

Glenn Edwards
