

Avalanches South of Cooke City

Date

Sat, 03/09/2024 - 16:05

Activity

Skiing

Saw a couple avalanches today in the Woody Creek Cabin area

First was in Woody Creek, right by the waterfall. D2, crown was up to 5 feet deep. NE facing

The other was on the backside of High Hayden, in Pilot Creek. This one ran probably 1000 feet. SE facing

Region

Cooke City

Observer Name

Jake Mundt
